

SUMMARY

- Results-oriented Front-End Developer with 3+ years of professional working experience in Software Development (Agile Methodology). * Built high-quality, user-centered web applications. Expertise in JavaScript (including ES6), CSS, HTML and popular frameworks like Angular and React. * Proven ability to integrate with RESTful APIs, develop APIs with Node.js, and collaborate effectively within Agile teams. Strong Git proficiency, Node.js expertise, and Java Gradle debugging skills. Passionate about solving challenging problems and delivering exceptional user experiences.

TECHNICAL SKILLS

Frontend Development : React JS, JavaScript, ECMAScript6(ES6), CSS3, HTML5.

Backend Development : Node.js, Java.

API Integration : RESTful APIs, Web Services.

Tools & Platforms : Wavemaker, Visual Studio, npm, Jira, Git, Postman, Vite, Gradle, Bash Scripting (Fundamentals).

SDLC Methodologies : Agile Scrum, Waterfall Model

PROFESSIONAL EXPERIENCE

Senior Systems Engineer

Apr '22 - Present

Infosys Limited

Bangalore, India

- Developed dynamic UIs with React.js, JavaScript(ES6+), CSS3 and HTML5 ensuring cross-browser compatibility and integrating with RESTful APIs(Java/Spring Boot), reducing latency by 30%.
- Optimized backend workflows by debugging Java-based APIs(Gradle), improving throughput by 20%, and creating Node.js services(Express.js).
- Engaged in Agile Scrum processes, utilizing Git for version control and JIRA for task tracking to achieve project objectives.

GRADUATE APPRENTICESHIP TRAINEE

Oct '21 - Feb '22

INDO MIM Private Limited

Bangalore, India

- Assisted Business Analysts and development teams to define scope and requirements.
- Prepared and executed functional and non-functional test cases.
- Reported bugs using Jira, contributing to product quality.

KEY PROJECTS UNDERTAKEN

PNB Portal Application

Nov '22 - Present

Infosys Limited

Bangalore, India

- Built responsive UI with React using functional components, hooks and Redux for state management.
- Integrated RESTful APIs(Java) with React frontend, ensuring seamless data flow using Axios, handling errors.
- Authentication & Security: Experience with JWT, OAuth, session-based authentication, and secure application development practices.
- Developed scalable RESTful APIs using Node.js and Express for frontend integration.
- Debugged Java/Gradle microservices, improving build efficiency by 25%.
- Test case preparations, Functional/Non-functional testing.

Wealth Management System

Nov '22 - Oct '24

Infosys Limited

Bangalore, India

- Created interactive dashboards with drag-and-drop boards(Wavemaker).
- Integrated RESTful APIs with frontend UI components.
- Troubleshoot and corrected UI defects(form validation errors, mobile responsiveness issues, cross-browser inconsistencies) to enhance user experience.

EDUCATION

Bachelor Of Engineering(B.E)

Aug '16 - Sep '20

Siddaganga Institute Of Technology

Tumkur, India

CGPA : 7.82
